Examples of Activities, Risks and Procedures

The examples listed in this document are provided to assist schools in undertaking their risk assessment under the Children First Act, 2015. Schools should note that this list of examples is not intended to be exhaustive, and that the inclusion of an example of a policy or procedure on these lists does not make it mandatory. It is the responsibility of each school to ensure, as far as possible, that any other risks and procedures that are relevant to its own particular circumstances are identified and specified in the written risk assessment and that adequate procedures are in place to address all risks identified.

It is acknowledged that schools already have in place a range of policies, practices and procedures to mitigate the risk of harm to children while they are participating in the activities of the school and that some school activities will carry low or minimal risks of harm compared to others. In the context of the risk assessment that must be undertaken by schools, the Children First Act, 2015 refers to risk as “any potential for harm”.

Therefore, it is important that, as part of its risk assessment process, each school lists and reviews all of its various activities (which shall include identifying those that may carry low risk of harm as well as those that carry higher risks of harm). Doing so will help the school to:

- > Identify, as required under the Children First Act, 2015, any risks of harm that may exist in respect of the school’s activities.
- > Identify and assess the adequacy of the various procedures already in place to manage those risks of harm.
- > Identify and put in place any such additional procedures as are considered necessary to manage any risk identified.

Online Safety

The Addendum to Children First: National Guidance for the Protection and Welfare of Children 2017 published in January 2019 clarifies that organisations providing relevant services to children should consider the specific issue of online safety when carrying out their risk assessment and preparing their Child Safeguarding Statement and Risk Assessment.

The Guidance on Continuity of Schooling for primary and post-primary schools (April 2020) advises of the importance of teachers maintaining the safe and ethical use of the internet during distance learning and assisting parents and guardians to be aware of their role also. Schools should ensure that their Acceptable Use Policy (AUP) informs and guides remote or distance learning activity.

Risk in the context of this Child Safeguarding Statement and Risk Assessment is the risk of “harm” as defined in the Children First Act 2015 and not general health and safety risk. The definition of harm is set out in the Children First Act 2015: “harm” means, in relation to a child— (a) assault, ill-treatment or neglect of the child in a manner that seriously affects or is likely to seriously affect the child’s health, development or welfare, or (b) sexual abuse of the child, whether caused by a single act, omission or circumstance or a series or combination of acts, omissions or circumstances, or otherwise.

Review of the Child Safeguarding Statement and Risk Assessment

The *Child Protection Procedures for Schools 2025* require that the board of management must undertake a review of its Child Safeguarding Statement and Risk Assessment. The following template must be used for this purpose. The review must be completed every calendar year or as soon as practicable after there has been a material change in any matter to which the Child Safeguarding Statement refers. Undertaking an annual review will ensure that a school also meets its statutory obligation under section 11(8) of the Children First Act 2015, to review its Child Safeguarding Statement and Risk Assessment every two years.

As part of the overall review process, boards of management should also assess relevant school policies, procedures, practices and activities and their adherence to the principles of best practice in child protection and welfare as set out in the school's Child Safeguarding Statement, the Children First Act 2015 and *Children First National Guidance 2017, the Addendum to Children First (2019) and 2025, Children First National Guidance 2017, the Addendum to Children First (2019) and (2025), and the Child Protection Procedures for Schools 2025*.

Student Review of the Child Safeguarding Statement and Risk Assessment – suggested approach

As part of your annual review of the Child Safeguarding Statement and Risk Assessment, the children and young people in your school should have an opportunity to have a voice and participate in the process.

This supports the process of advising children and young people of the procedures that are in place to safeguard them and to explore options of how students could be involved in the development and/or review of safeguarding procedures. Raising awareness of a school's Child Safeguarding Statement and Risk Assessment, the role of DLP/trusted adults and regular review risks of harm during school activities is part of the process of keeping children safe.

The questions set out below can be used to lead a classroom discussion, to help a student council have a focused discussion, or to inform other forms of consultation with the children and young people in your school in the annual review of the child safeguarding statement. This is not intended to be a directive or exhaustive list, and the questions and the approach should be informed by the context of the school.

Understanding the Child Safeguarding Statement and Risk Assessment
> Do you know what the Child Safeguarding Statement and Risk Assessment is?
> Why do you think the school has this document?
> Do you know where it is displayed in the school?
> Have you seen the poster with the name and photo of the Designated Liaison Person (DLP)?
Knowing Who to Talk to (DLP and Trusted Adults)
> There is someone in the school who is in charge of keeping children safe. This person is called the DLP. Do you know who they are and what they do?
> In SPHE class, we talked about trusted adults – people you can talk to if you're ever worried or upset. Who are some trusted adults in your life?
> Is there someone at school you feel safe talking to? Who are they?
Thinking About Safety in School Activities
> We do lots of different things at school during the year. We want to make sure everyone is safe while doing them. The school has made a list of all the things we do and how we try to keep everyone safe.
> Can you think of anything else we could do to make school activities safer? (<i>Teachers might remind children about activities like arriving and leaving school, playtime, breaks, and using toilets or changing rooms.</i>)
Your Final Thoughts
> We want everyone in the school to feel safe and happy while learning.
> If you were the DLP – the person in charge of helping keep children safe – what else would you do to make the school a safer and better place?

CSS 6

Staff Review of the Child Safeguarding Statement and Risk Assessment – suggested approach

As part of your annual review of the Child Safeguarding Statement and Risk Assessment, the staff in your school should have an opportunity to have a voice and participate in the process. This may be as part of a staff meeting.

Below are some prompts for the person leading the meeting together with possible questions a school could use to help ensure the participation of staff in the annual review of the child safeguarding statement. This is not intended to be a directive or exhaustive list.

Communication of the Child Safeguarding Statement and Risk Assessment

Prompts
> Check that each staff member, including special needs assistants, (SNAs), secretaries, caretakers, teachers and all employed in the school has a digital or hardcopy version of the Child Safeguarding Statement and Risk Assessment; and/or
> Remind staff of the date the Child Safeguarding Statement and Risk Assessment was circulated on and that it is available on the school website.
> Introduce the staff to the review prompts document for use with the children and young people in the school.
> Ensure that all staff are aware of who the DLP/relevant person is. Clarify that the relevant person is the person to contact if you have any questions about the Child Safeguarding Statement and that this is noted on the Child Safeguarding Statement.
Possible Questions

> Do you know where the Child Safeguarding Statement and Risk Assessment is displayed within the school?
> How are the children and young people in your class(es) (or those with whom you engage or support) made aware of the identity of the DLP/DDLP (or person in charge of child safeguarding, to use a child-friendly term)? How has this been communicated?
> Who is the DLP/DDLP/Relevant Person in this school? What is their role?

Review of Risks in the School

Prompts
<ul style="list-style-type: none"> > Check with staff if the school has undertaken any new activities since the last review of the risk assessment which should be noted in the next risk assessment (e.g. intimate care, swimming, shower facilities, remote teaching and online learning). This includes activities before school, during school and extra-curricular activities.
Possible Questions
<ul style="list-style-type: none"> > Does the Risk Assessment included in the Safeguarding Statement include: <ul style="list-style-type: none"> ~ all the activities in the school? ~ all risks associated with the activities? ~ actions taken to mitigate the risks involved in these activities? > Has the school undertaken any new activities since the last review of the risk assessment which should be noted in the next risk assessment (e.g. intimate care, swimming, shower facilities, remote teaching and learning)? > Have you any suggestions on anything else the school should include in the Risk Assessment in our Child Safeguarding Statement?

Possible Questions
<ul style="list-style-type: none"> > What are the responsibilities of a member of school personnel who has a child protection concern? Can you describe the two main statutory responsibilities of a mandated person? > If you had a child safeguarding concern, what would you do? or > If you had a concern that a child was at risk what would you do? > Consider also what you would expect if the: <ul style="list-style-type: none"> ~ DLP reports to Tusla, ~ seeks advice from Tusla or ~ decides not to report to Tusla. > Consider, also, joint reporting with the DLP. > Describe what you would do if a child made a disclosure to you. > If you had a child protection concern about the DLP, to whom should you report this concern? > When did you last complete a training module for child protection (e.g. Tusla's Children First eLearning programme or their mandated person eLearning module), Oide Child Protection Training? > Do you need to refresh your training to be confident that you are familiar with the procedures and your responsibilities?

SPHE/RSE Curriculum

Prompts
<ul style="list-style-type: none"> > What steps has the school taken to ensure that the SPHE/RSE/Wellbeing curriculum is appropriately planned for and delivered to the children and young people in the school. ~ This should outline that for a primary school, aspects of all 3 strands are covered each year; Stay Safe is taught in its entirety in one year – at least once in infants, 1st/2nd, 3rd/4th, 5th/6th; and that the school plan outlines provision for RSE across each of the different class levels/stages) noting the date of the most recent policy review or curricular implementation. CSS 7

Parent/Carer Review of the Child Safeguarding Statement – suggested approach

As part of your annual review of the Child Safeguarding Statement and Risk Assessment, the parents in your school should have an opportunity to have a voice and participate in the process. This could be done through email, questionnaire, meetings, engagement by the parents' association with the wider parent body, or another appropriate approach.

Schools will need to ensure all parents have access to a copy of the school's Child Safeguarding Statement and Risk Assessment to participate in this review process. Raising awareness of a school's Child Safeguarding Statement and Risk Assessment, the role of DLP/trusted adults and regular reviews of risks of harm during school activities is part of the process of keeping children safe.

Below are some questions a school could use to help ensure the participation of parents in the annual review of the child safeguarding statement (including its risk assessment). This is not intended to be a directive or exhaustive list, and the questions and the approach should be adapted to suit the context of the school community.

Awareness of the Child Safeguarding Statement and Risk Assessment
<ul style="list-style-type: none"> > Did you know that our Child Safeguarding Statement and Risk Assessment (which includes a list of potential risks) is clearly displayed near the school's main entrance? > Have you received a copy of this statement by email? Or have you looked at it on our school website?
Awareness of the DLP/Trusted Adults
<ul style="list-style-type: none"> > Do you know that the person you can talk to at the school if you have any concerns about a child's safety is called the Designated Liaison Person (DLP)? In our school, that person is [insert DLP's name]. You can also ask them any questions about our Child Safeguarding Statement and Risk Assessment. > In school, we've talked to the children in SPHE class about trusted adults – people they can talk to if they're ever worried about anything. Have you had a similar conversation with your child about who they can talk to if they feel unsafe or upset?
Review of Risks in the School
<ul style="list-style-type: none"> > Our school does many different activities during the year. We want to make sure every child is safe while taking part. We've looked at all our activities and listed the possible risks, along with the steps we take to keep children safe. This is all included in our Risk Assessment, which is part of the Child Safeguarding Statement. > Do you have any ideas or suggestions about how we can make our school activities even safer? If so, we'd love to hear them.
Final Thoughts
<ul style="list-style-type: none"> > Is there anything else you'd like to share or suggest as we review our Child Safeguarding Statement this year?
